

Article I: Variances; Penalties and Violations

Sec. 14-1-100 Variations and Exceptions.

- (a) Where the subdivider alleges that extraordinary hardships or particular difficulties may result from strict compliance with these regulations, he/she may request variations or exceptions to the regulations so that substantial justice may be done and the public interest secured, provided that such variation or exception shall not have the effect of nullifying the intent and purpose of this Chapter. Application for any such variance shall be made in writing by the subdivider to the Village Clerk-Treasurer at the time when the Preliminary Plat or certified survey is filed for consideration, stating fully all facts relied upon by the petitioner, and shall be supplemented with maps, plans, or other additional data which may aid Village officials in the analysis of the proposed project. The plans for such development shall include such covenants, restrictions or other legal provisions necessary to guarantee the full achievement of the plan. The Village Clerk-Treasurer may request that the Village Engineer, Village Attorney or other officials review each situation to insure that the request is consistent with the requirements and standards of this Chapter. The Plan Commission shall make a recommendation to the Village Board. The previous granting of variances or exceptions in the same or similar circumstances shall not of itself constitute grounds for the granting of a variance or exception, nor shall strictly financial rationale.
- (b) The Plan Commission shall not recommend, nor shall the Village Board grant, variations or exceptions to the regulations of this Chapter unless it shall make findings based upon the evidence presented to it in each specific case that:
 - (1) Failure to grant the variation may be detrimental to the public safety, health or welfare or injurious to other property or improvements in the neighborhood in which the property is located;
 - (2) The conditions upon which the request for a variation is based are unique to the property for which the variation is sought and are not applicable generally to other property;
 - (3) Because of the particular physical surroundings, shape or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, financial hardship or self-imposed hardship, if the strict letter of the regulations were carried out.
 - (4) There would be no costs (present or future) to the Village resulting from the granting of the variance or exception.
- (c) Any recommendations for variances or exceptions by the Plan Commission must be approved by a majority vote of the Plan Commission and shall be so endorsed by the Secretary and transmitted to the Village Board. The Village Board, if it approves, shall do so by resolution adopted by majority vote and shall instruct the Village Clerk-Treasurer to notify the Plan Commission and the subdivider.

14-1-100

- (d) Variances from the strict application of this Chapter may also be granted in accordance with this Chapter in the case of Planned Unit Developments provided the Village Board, upon review and recommendations from the Plan Commission, shall find that the proposed development is fully consistent with the purpose and intent of this Chapter, Village Zoning Ordinances, and any Village comprehensive plan.

 - (3) A revocation placard shall also be posted upon the premises in question by the Village Engineer, Director of Public Works or Building Inspector.
 - (4) After the notice is served upon the persons as aforesaid and posted, it shall be unlawful for any person to proceed thereafter with any construction operation whatsoever on the premises, and the permit which has been so revoked shall be null and void, and before any construction or operation is again resumed, a new permit, as required by this Chapter, shall be procured and fees paid therefor, and thereafter the resumption of any construction or operation shall be in compliance with the regulation of this Chapter. However, such work as the Village Engineer, Director of Public Works or Building Inspector may order as a condition precedent to the reissuance of the building permit may be performed, or such work as he/she may require for the preservation of life and safety.
 - (5) Any appeals of such revocations or suspensions must be made in writing and within seven (7) calendar days to the Village Clerk-Treasurer for consideration by the Village Board at its next regularly scheduled meeting, provided the appeal is filed not less than seven (7) days prior to the meeting date.
 - (6) The Building Inspector is hereby directed to withhold the issuance of building permits within the land division until compliance with the provisions of this Chapter is obtained.
 - (7) The Building Inspector is hereby directed to withhold the issuance of occupancy permits within the land division if violations of this Chapter may result in health or safety problems for the occupants.

of notification of the rejection of the plat or certified survey. Where failure to approve is based on an unsatisfied objection, the agency making the objection shall be made a party to the action. The court may direct that the plat or certified survey be approved if it finds that the action of the approving or objecting agency is arbitrary, unreasonable or discriminatory.

Sec. 14-1-102 Disclaimers on Approvals.

- (a) The purpose of requiring approvals under this Chapter is to insure the health, safety, morale, comfort, prosperity and general welfare of the Village of Elk Mound. All approvals rendered as part of this Chapter shall be considered as being approved conditionally based on the information and circumstances apparent at that time.
- (b) Approvals issued by the Village shall not be construed as an assumption or expression of any responsibility, warranty, or guarantee, for the design or construction of any improvements within the land division.
- (c) The Village of Elk Mound does not guarantee, warrant, or represent that only those areas delineated as floodlands on plats and certified survey maps will be subject to periodic inundation, nor does the Village guarantee, warrant, or represent that the soils shown to be unsuited for a given land use from tests required by this Chapter are the only unsuited soils within the jurisdiction of this Chapter; and thereby asserts that there is no liability on the part of the Village Board, its agencies, or employees for flooding problems, sanitation problems, or structural damages that may occur as a result of reliance upon, and conformance with, this Chapter.
